Rye Neck Community Approves Supplemental Bond Referendum

The Rye Neck community has voted to approve the district's supplemental bond referendum. The proposition was passed by a vote of 552 to 142, a passing rate of 80%.

"Thank you to all residents who participated in the vote; we are grateful for the continued trust the community has placed in us" BOE President Pietro Fasolino said. "With this approval, we will be able to complete the capital improvement plan approved by the voters in February 2018. The improvements to our academic and athletic facilities at the combined middle/high school campus will benefit generations of students and families in our community.

We will continue to keep the community updated throughout construction, as we did through the first phase of the project."
